

**ALAN Davies**, Wycombe Wanderers' experienced midfield player, is to stay with the club. Davies was put on the transfer list a week ago but, due to the unavailability of another midfield player Gavin Fraser, he is now back in the squad.

Fraser, a student at Borough Road College, is required to play for the college team and is therefore unable to turn out for the Blues, except during holidays. This must be a disappointment for manager Ted Powell as Fraser has shown great promise and might well have established himself as a regular at Loakes Park.

Davies was substitute at Ilford on Saturday where Wanderers drew 1-1 after having much the better of the game. The substitute is the only likely change tonight (Tuesday) when the Blues meet Hendon at Loakes Park in the Rothmans Isthmian League.

Wycombe have a big score to settle tonight for Hendon hammered them 3-0 at Claremont Road in August with goals coming from John Butterfield, Rod Haider and Mick O'Donogue. Since then, Hendon have met with mixed fortunes and there are several team changes from the side that beat the Blues.

Bobby Childs is now on the transfer list and has missed the last four games while George Brooks, Steve Jeffries and Bob Southam are back in the side. Recent results include two 3-0 home defeats at the hands of Southall and Hitchin but on the brighter side, Hendon have won 5-3 at Walthamstow and also beat Leatherhead 2-1 on Saturday.
